## EXPERIENCE

2021 – CURRENT

### **CODING SABBATICAL, SELF DIRECTED**

Learned and practiced coding skills relevant to front-end web development and computer science. Created a [language learning game](#) individually and a [Chrome extension](#) for Reddit with a partner.

2021 – 2022

### **MAC TECHNICIAN, THE REPAIR FACTORY**

Diagnosed and repaired software and hardware problems by sourcing and learning strategies independently. Managed inventory, time, and client expectations to boost client experience.

2020

### **INSTRUCTIONAL DESIGN ASSISTANT, QUEEN'S FACULTY OF HEALTH SCIENCES**

Researched, organized, and edited learning material for publication to an online platform, with special focus on testing and accessibility for people with impairments and assistive technology.

2018

### **VOLUNTEER MEDIC, MAGEN DAVID ADOM**

Worked on an ambulance for Israel's EMS program providing emergency medical care for five weeks. Collaborated with a team in a foreign environment overcoming a language barrier.

## EDUCATION

DECEMBER 2022

### **FRONT-END ENGINEER CERTIFICATE, CODECADEMY**

Completed self-led career path including seventy-seven independent or collaborative projects.

AUGUST 2021

### **BACHELOR OF EDUCATION, QUEEN'S UNIVERSITY**

Outdoor & Experiential Ed. major for Intermediate/Senior with teachables in biology and physics.

DECEMBER 2019

### **BACHELOR OF SCIENCE (HONOURS), QUEEN'S UNIVERSITY**

Major in Life Sciences, also taking extensive biology, physics, and math courses plus some computer science. Earned a Degree with Distinction with a 3.92 GPA and graduated early by taking an increased course load.
